Books Translated from Swedish by Laurie Thompson

This chronological list excludes paperback or other reissues, shorter or unpublished translations, academic books and articles.

Ironically, in view of his own medical condition, Laurie Thompson also translated the series of ‘cancer diaries’ in the *Guardian* newspaper, London, by Henning Mankell, who died on 5 October 2015. They were published on 12 February, 22 March, 27 April, 22 May and 16 September 2014.
